We'd love to hear from you!

<https://tinyurl.com/mveh4kn3> →

We at Platinum Educational group pride ourselves on creating some amazing software but we do recognize there is always room for improvement. This is why we value our users' feedback so immensely. Suggestions and insights from our actual clients are a major driving force in the features and updates that we develop.

Our product enhancements are made with YOU in mind.

Read more from Platinum's Sarah Smith about how you can submit your feedback to improve our products!

News from Our Allies in Education

Every month we feature news snippet from our allies in EMS education. Wanna be featured? [email us!](#)

Advancing Evidence-Based, People-Centered EMS Care

What a difference a generation makes—in 2007, a report from the Institute of Medicine pointed out the lack of evidence supporting most prehospital patient care protocols and practices. While most EMS systems were making treatment decisions based on what they felt was best for patients, there was little evidence to back it up.
